### Regulatory Compliance Information:

1. Raw Material: Grain Millers oat fiber is manufactured from pre-selected, clean sound oats from the northern regions of North America and Scandinavia.
2. FDA Compliance:
  1. Complies with FDA Title 21 CFR 101.9(c)(6)(i) as dietary fiber.
  2. Our products are manufactured to comply with the US Federal Food, Drug and Cosmetic Act of 1938 and all acts and promulgated rules amending or supplementing this act.
3. Ingredients: Natural Oat Fiber
4. Allergens: Oat products may contain adventitious barley, rye, wheat and triticale from the grain handling process as allowed by the U.S. Grain Handling Standards and the Canadian Grain Commission. According to the latest Q&A Document released by FDA December 12, 2005 labeling of allergens from cross contact is not required. FALCPA's labeling requirements do not apply to major food allergens that are unintentionally added to a food as the result of cross-contact. In the context of food allergens, "cross-contact" occurs when a residue or other trace amount of an allergenic food is unintentionally incorporated into another food that is not intended to contain that allergenic food. Cross-contact may result from customary methods of growing and harvesting crops, as well as from the use of shared storage, transportation, or production equipment. Reference available upon request.
5. Other Declarations: To the best of our knowledge, this product contains no sulfites, added flavors, components from an animal source, BHA, BHT, genetically altered plant material, or irradiated material.
6. SDS: Available upon request

### Shipping and Handling:

A. Shipping/Storage: Store in a cool, dry place at temperature and humidity not to exceed averages of 75F (24 C) and 65% RH as measured over a 48 hour period. A best practice, for grain, is to store products in coolers during summer months if products are not going to be used within 30 days. When product is going to sit for longer than 30 days, we recommend: movement of stock; inspection of pallets, product and surrounding areas; FIFO; and a strong IPM program which are all critical to the integrity of the product.

B. Shelf Life: 24 Months

C. Lot Coding: YYMMDDP - Y=year; M=month; D=date; P=facility where 0=Eugene- Oregon USA; A= St. Ansgar- Iowa USA ; N=Yorkton- Saskatchewan Canada

D. Special precautions for use: NONE.
