St. Peter, MN Cleaning Facility

# ABOUT GRAIN MILLERS

Grain Millers was founded in 1986 and has grown to be the largest privately held specialty grain processor in North America. We are a global supplier of Non-GMO and Certified Organic grains and oilseeds, as well as other food and feed ingredients including Certified Organic sweeteners.

Our business has been built on direct farmer relationships and our grower partnerships remain a symbol of our company's values. We believe in doing what's right for everyone along the supply chain and are dedicated to the shared success of our growers and our customers.

# GLOBAL DISTRIBUTION

Grain Millers Specialty Products Division is a global supplier of Non-GMO and Certified Organic soybeans, grains, oilseeds, meals, and other food and feed ingredients. We are able to offer the finest quality, identity-preserved products by involving our expertise in all aspects of production origination, processing, and shipping.

# CLEANING FACILITY

Our state-of-the-art cleaning facility in St. Peter, MN is right in the heart of Minnesota's prime soybean production region. The latest cleaning, color sorting, and packaging technologies allow us to clean and package soybeans and other grains and oilseeds to meet your needs.
